

48V 0.35A 15W Power Adapter

Specification	Details/Description
AC Input Voltage Range	100-230V
Output DC Voltage	48V
Output Power	15W
Input Low Voltage Efficiency	Vin=110VAc, Output full-load: 69%
Input high Voltage Efficiency	Vin=220VAc, output full-load: 70%
Long-term reliability	MTBF 100000h
Load rated output voltage	+5±0.1
Short-term maximum output current	1000mA
The maximum output current for a long time	600mA
Operating Temperature	(- 20 degree to 60 degree celsius)
Store Temperature	(- 40 degree to 80 degree celsius)
Rated input voltage	100-240VAc
Relative humidity	5 to 95%
Maximum input current	<0.2A
Input current surge	<10A
Voltage Regulation	±0.2 %
Load Regulation	±0.5 %
