

Model: ERIoT-Adapter - 24V-Euro

Made in India

24V 1A SMPS EuroPlug with GaN Tech

Technical Specification

Plug – N – Play Easyreach SMSP Adapter

Surge Control : Upto2 KV

Input Voltage : 100-300V AC/DC

Input Frequency Range: 50 Hz or 60 Hz (Universal Frequency Supported)

No Load Input Current: 0.76 uA

No Load Input Power: 5mW (Latest Technology IC Used)

In Rush Load Current: 2A Maximum

Output Voltage Range: 24V DC (3% voltage variation at full load of 30watt)

Output Ripple & Noise(mV): 80mV at full 1.5A

Output Voltage: 24V DC, Teltronika Molex Connector.

Cable Length: 1 Meter

Output Current: 1 Amp

Indicators: MainsOn

Protection: Over Voltage, Under Voltage, Over Current, Under Current, Temp. Control, output Short circuit, Inputvoltage Spike

Mechanical Specification

Enclosure Material: ABS Plastic

Enclosure Dimension: 80mm x 40mm x 70mm (LxBxH)

Approx. Weight: 50 gm

IP: 55

Temp : 10-60°C
